Unanimous Decision Selects MV Transportation, Inc. to Operate City of Calabasas Transit

Fairfield, Calif., (August 5, 2011) – MV Transportation is proud to announce the City of Calabasas' unanimous decision to select MV Transportation to operate its fixed route, dial-a-ride and trolley transit service in Southern California.

MV Transportation will operate and maintain 11 city owned vehicles and will save the city an estimated \$240,000 over the life of the three year contract. MV is also providing the City with its proprietary real time technology called TimePoint. MV Transportation is scheduled to begin service on August 18, 2011.

“It is an honor to be selected to serve the residents of Calabasas. We look forward to a smooth transition of service and to building strong relationships with the City and its passengers,” said John Siragusa, President of west operations, MV Transportation.

MV Transportation operates several other services in the area and has more than 100 contracts in its home state of California.

About MV Transportation, Inc.

Based in Fairfield, California, MV Transportation, Inc. is the largest private provider of paratransit services and the largest privately-owned passenger transportation contracting firm based in the United States. The company employs more than 15,000 dedicated transit professionals and operates more than 200 paratransit, fixed-route, shuttle and Medicaid contracts in 27 states, the District of Columbia, and British Columbia.
