MV Transportation, Inc. Selected to Operate Grand Junction, Colorado Bus Operations

Fairfield, Calif., (November 22, 2011) – Today, MV Transportation, Inc. announced it has been selected to operate Grand Valley Transit (GVT) in Grand Junction, CO. Under this new three year base term contract MV will manage the daily operations of GVT's fixed route and paratransit services, effective January 1st, 2011.

In addition, MV will implement its TimePoint Software technology to assist passengers and increase the efficiency of the operation. Using this technology MV and GVT will install kiosks at key transfer points within the system to give passengers real time arrival information for the various routes.

"We are proud to be selected to work with GVT and its passengers. It is an honor for us to be able to meet their specific operational and technological needs," said Doug Gies, President of east operations, MV Transportation, Inc. "We are looking forward to a smooth transition over the next two months."

MV Transportation operates six other contracts in the state of Colorado.
